

# WORKSHEET 4.2

## CREATE AN ACTION FUNNEL

How can we support conscious  
decision making?

## 2 CREATE AN ACTION FUNNEL

**CREATE** action  
funnel canvas

# 2 CREATE AN ACTION FUNNEL

## 0. SELECT YOUR CASE

Target audience: .....

Target action: .....

Fill out

### A. NEW PROJECT

1. IDEATE THE FUNNEL
2. FACE POTENTIAL CHALLENGES
3. REFINE THE FUNNEL
4. SELECT STRATEGIES
5. PLAN AN ITERATION

### B. IMPROVE EXISTING PROJECT

1. PRESENT SITUATION
2. FIX THE WHOLES
3. SELECT STRATEGIES
4. PLAN AN ITERATION

Select the funnel fitting your project

# A. NEW PROJECT

# WITH INSTRUCTION TEXTS

Fill out the text

Follow the instructions displayed in the yellow callouts.

# 1. IDEATE YOUR FUNNEL

Target audience: .....  
Target action: .....

**NEW PROJECT**

Answer the questions with many ideas on post-its

## CUE

How will we make sure the user thinks of the action?

How can we remind the user?

How can we surprise the user?

## REACTION

How will we drive a positive intuitive response?

How can we make the action:

Relevant  
(social norms, linked to top of mind experience)

Enjoyable  
(linked to positive past associations, providing pleasure)

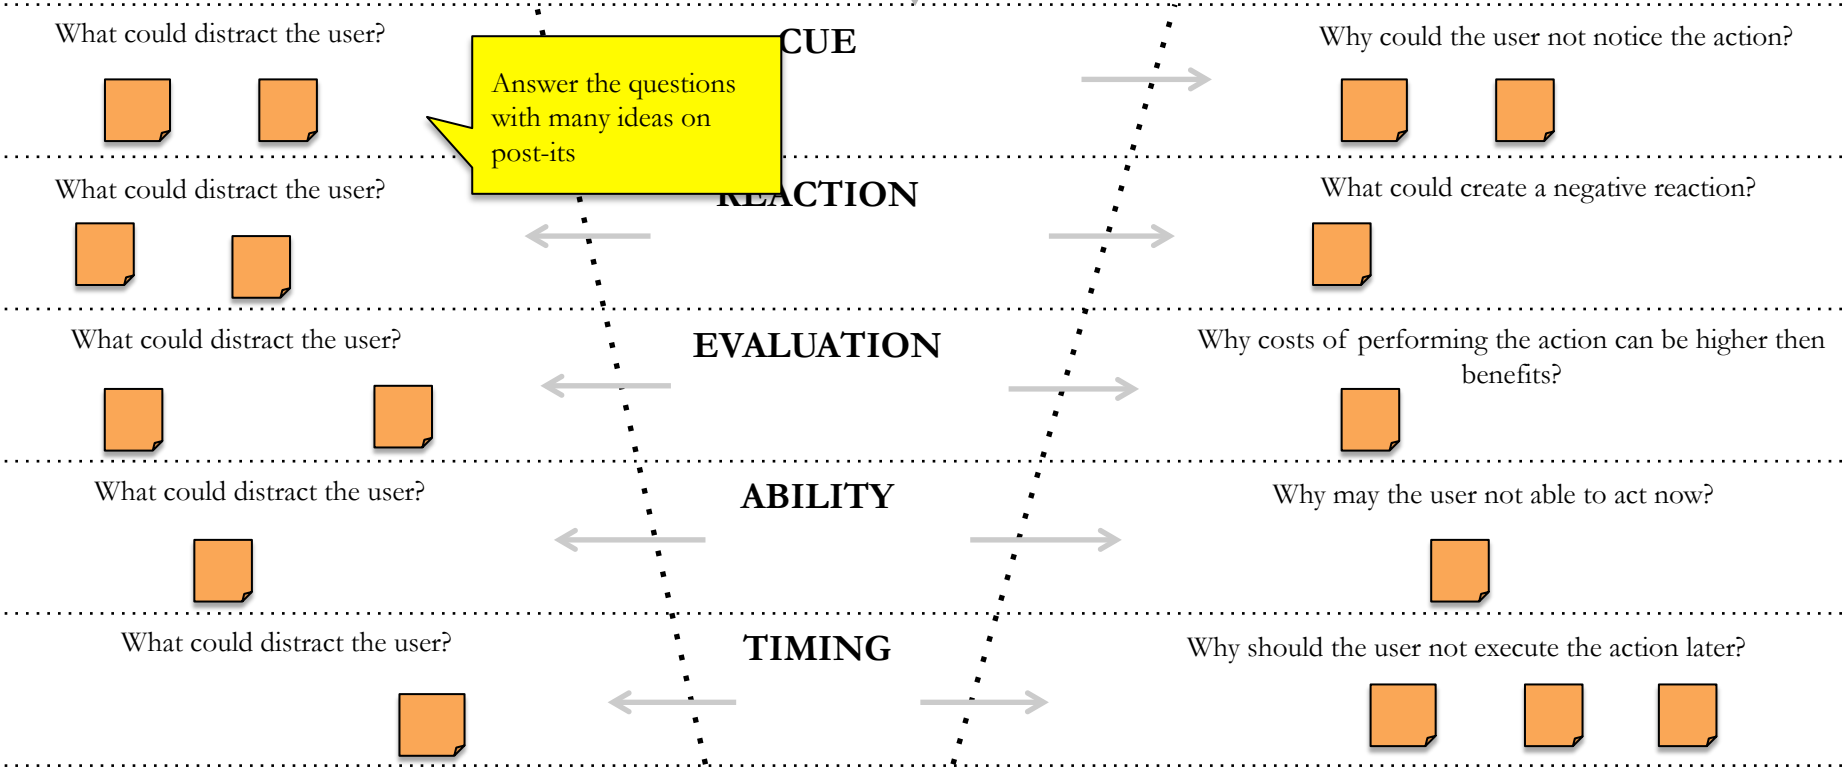

Not dangerous (familiar, build trust in your project, reinsurance)

# 2. FACE POTENTIAL CHALLENGES

**NEW PROJECT**

Target audience: .....  
Target action: .....

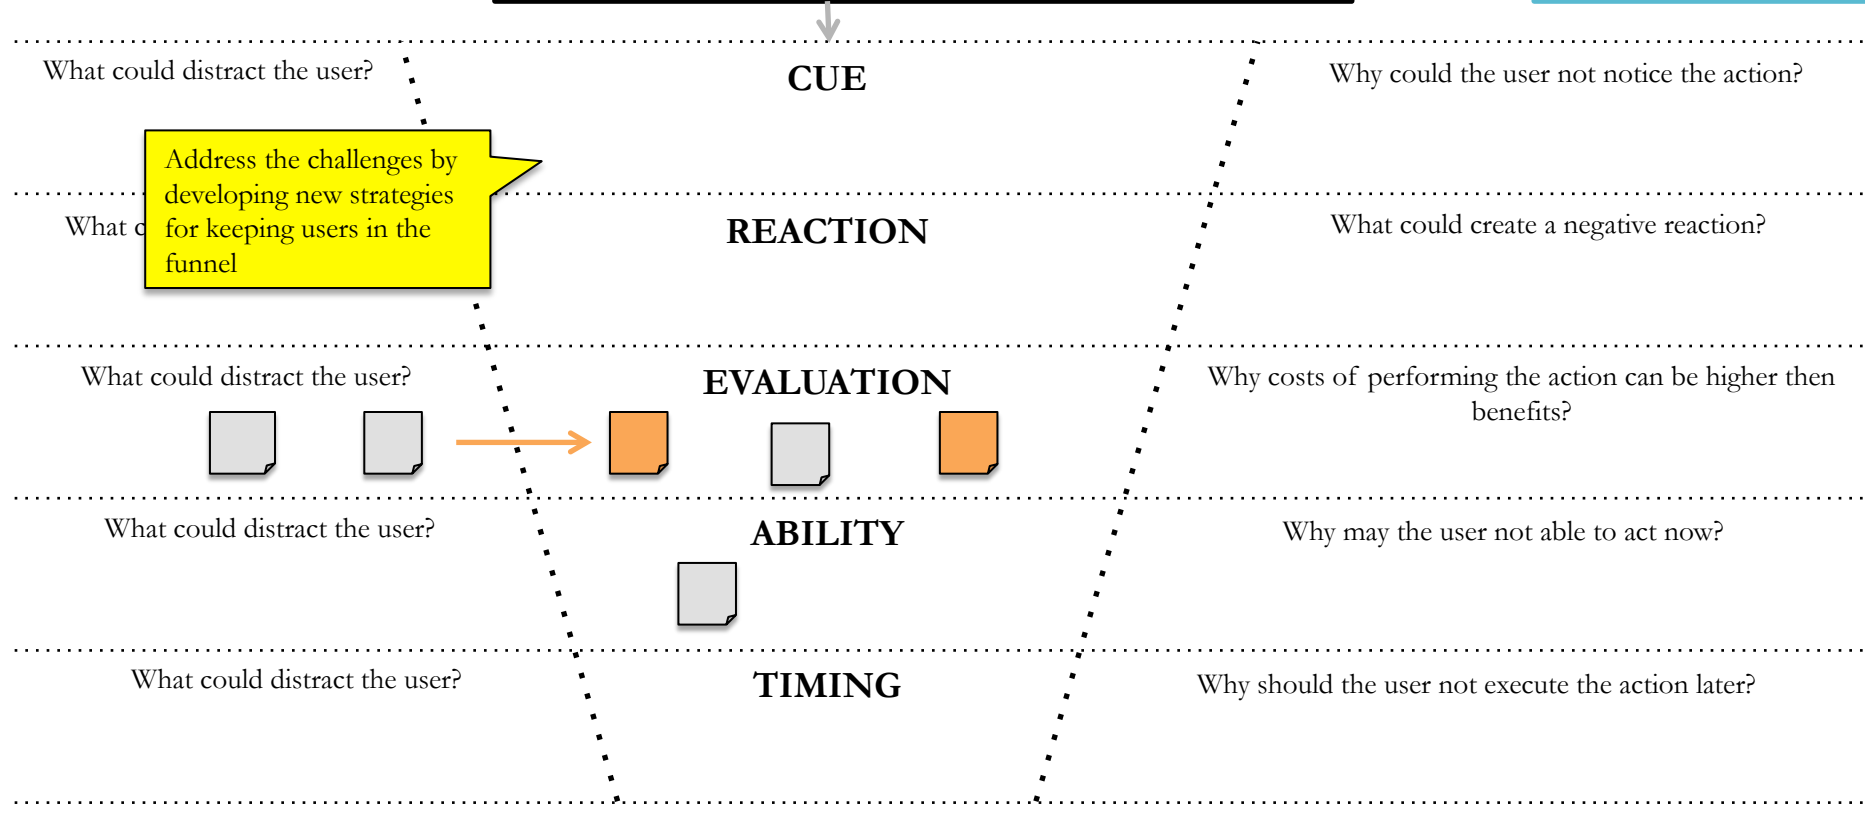

**EXECUTE THE ACTION!**

### 3. REFINE THE FUNNEL

**NEW PROJECT**

Target audience: .....  
Target action: .....

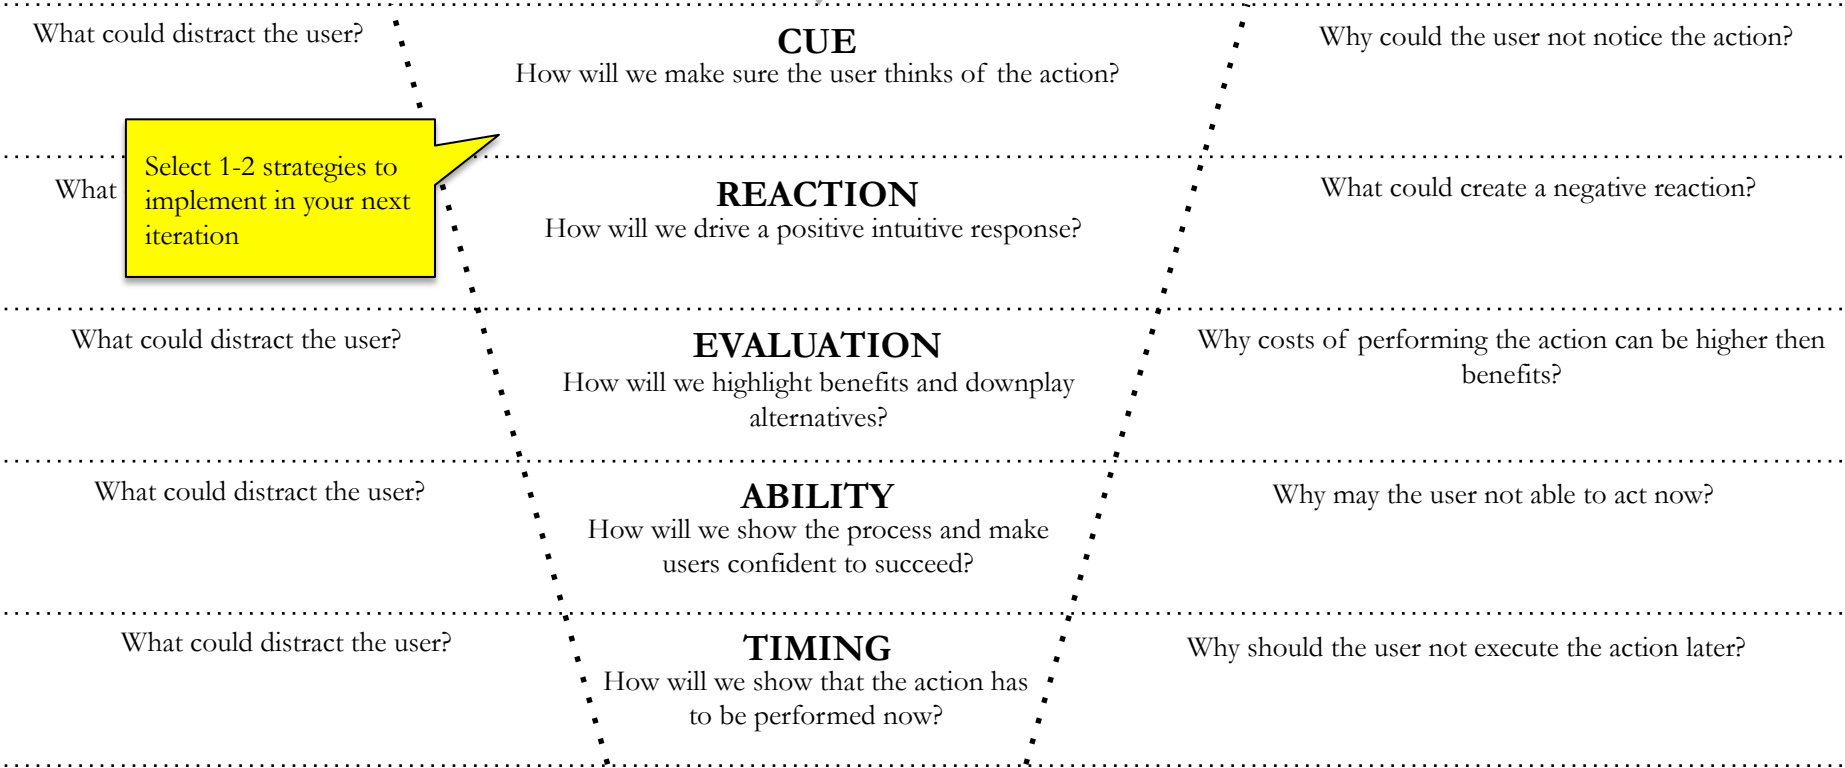

**EXECUTE THE ACTION!**

# 4. SELECT STRATEGIES

**NEW PROJECT**

Target audience: .....  
Target action: .....

Select 1-2 strategies to implement in your next iteration

**EXECUTE THE ACTION!**

# 5. PLAN AN ITERATION

Our strategy  
 CUE: .....  
 REACTION: .....  
 EVALUTATION: .....  
 ABILITY: .....  
 TIMING: .....

Plan the next iteration

	What?	Who?	When?	What else?

# PLAIN VERSION

# 1. IDEATE YOUR FUNNEL

Target audience: .....  
Target action: .....

**NEW PROJECT**

**1. IDEATE YOUR FUNNEL**

**EVALUATION**

How will we highlight benefits and downplay alternatives?

How can we decrease the costs and increase the advantages of performing the action? (> MAKE IT EASY)

How can we highlight the benefits of executing the action?  
• Present benefit  
• Long-term benefits

How can we highlight the disadvantages of alternative actions?

How can we link the action with progress on the long-term objective of the user?

**ABILITY**

How will the user know that he/she is able to successfully perform the action?

How can we display the steps, resources and skills required to perform the action?

How can we help the user to gain the required resources and skills?

How can we provide confidence to the user that he will succeed in performing the action?

**TIMING**

How will we show that the action has to be performed now?

How can we place the action in a moment that suits the user?

How can we create a sense of urgency? (limited availability, special offer)

How can we help making the timing of a planned action specific?

# 2. FACE POTENTIAL CHALLENGES

**NEW PROJECT**

Target audience: .....  
Target action: .....

## DISTRACTIONS

## LOST BATTLES

What could distract the user?

Why could the user not notice the action?

**CUE**

What could distract the user?

What could create a negative reaction?

**REACTION**

What could distract the user?

Why costs of performing the action can be higher then benefits?

**EVALUATION**

What could distract the user?

Why may the user not able to act now?

**ABILITY**

What could distract the user?

Why should the user not execute the action later?

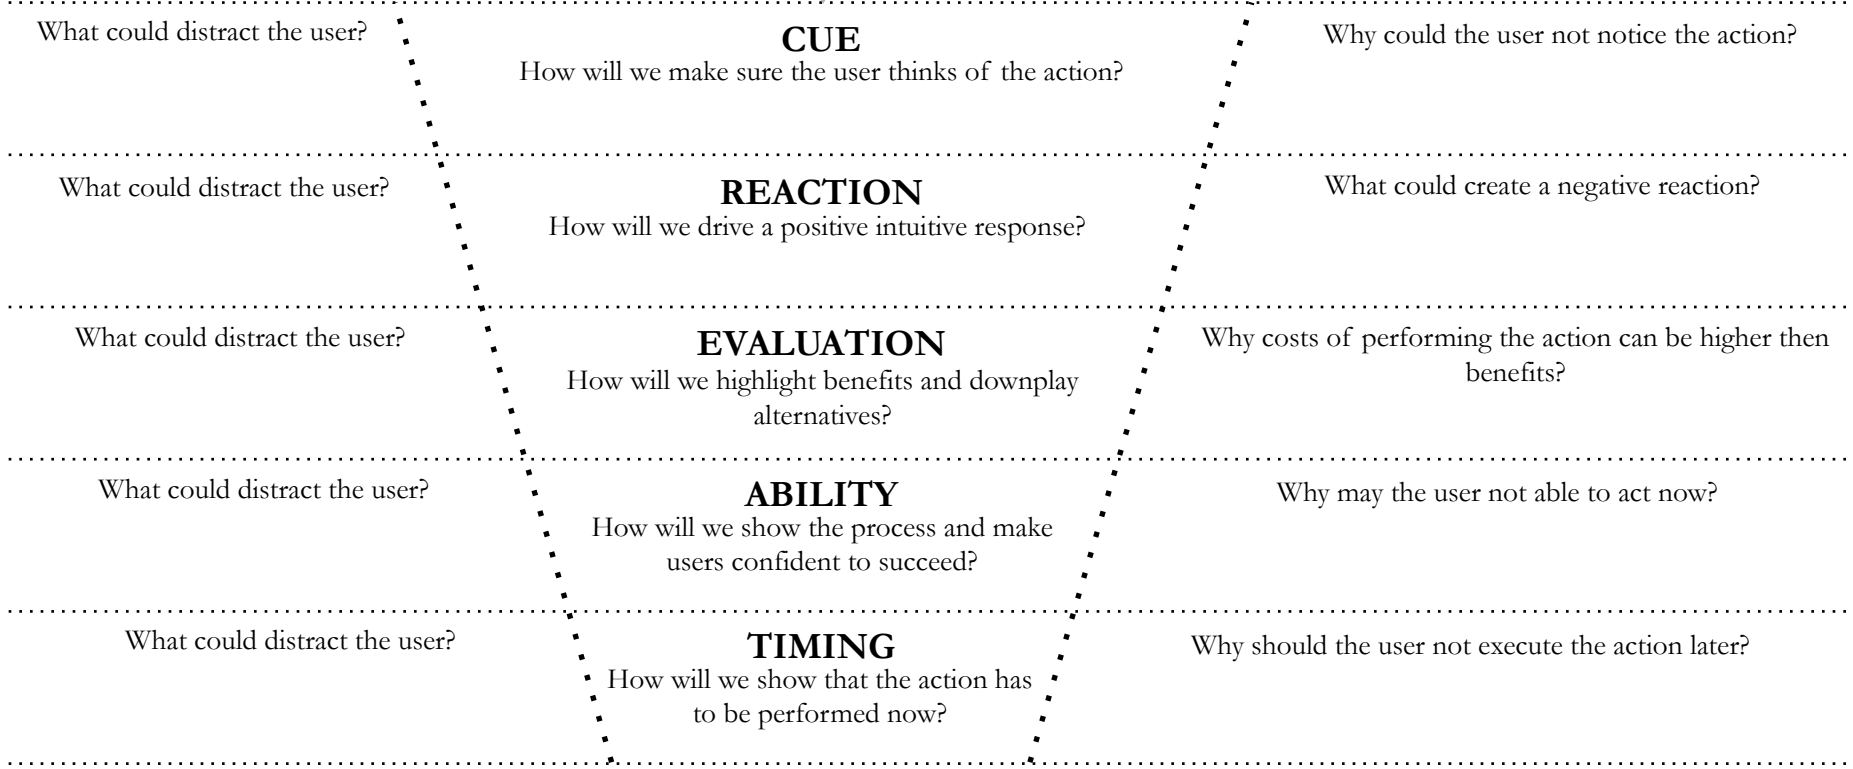

**TIMING**

**EXECUTE THE ACTION!**

### 3. REFINE THE FUNNEL

**NEW PROJECT**

Target audience: .....  
Target action: .....

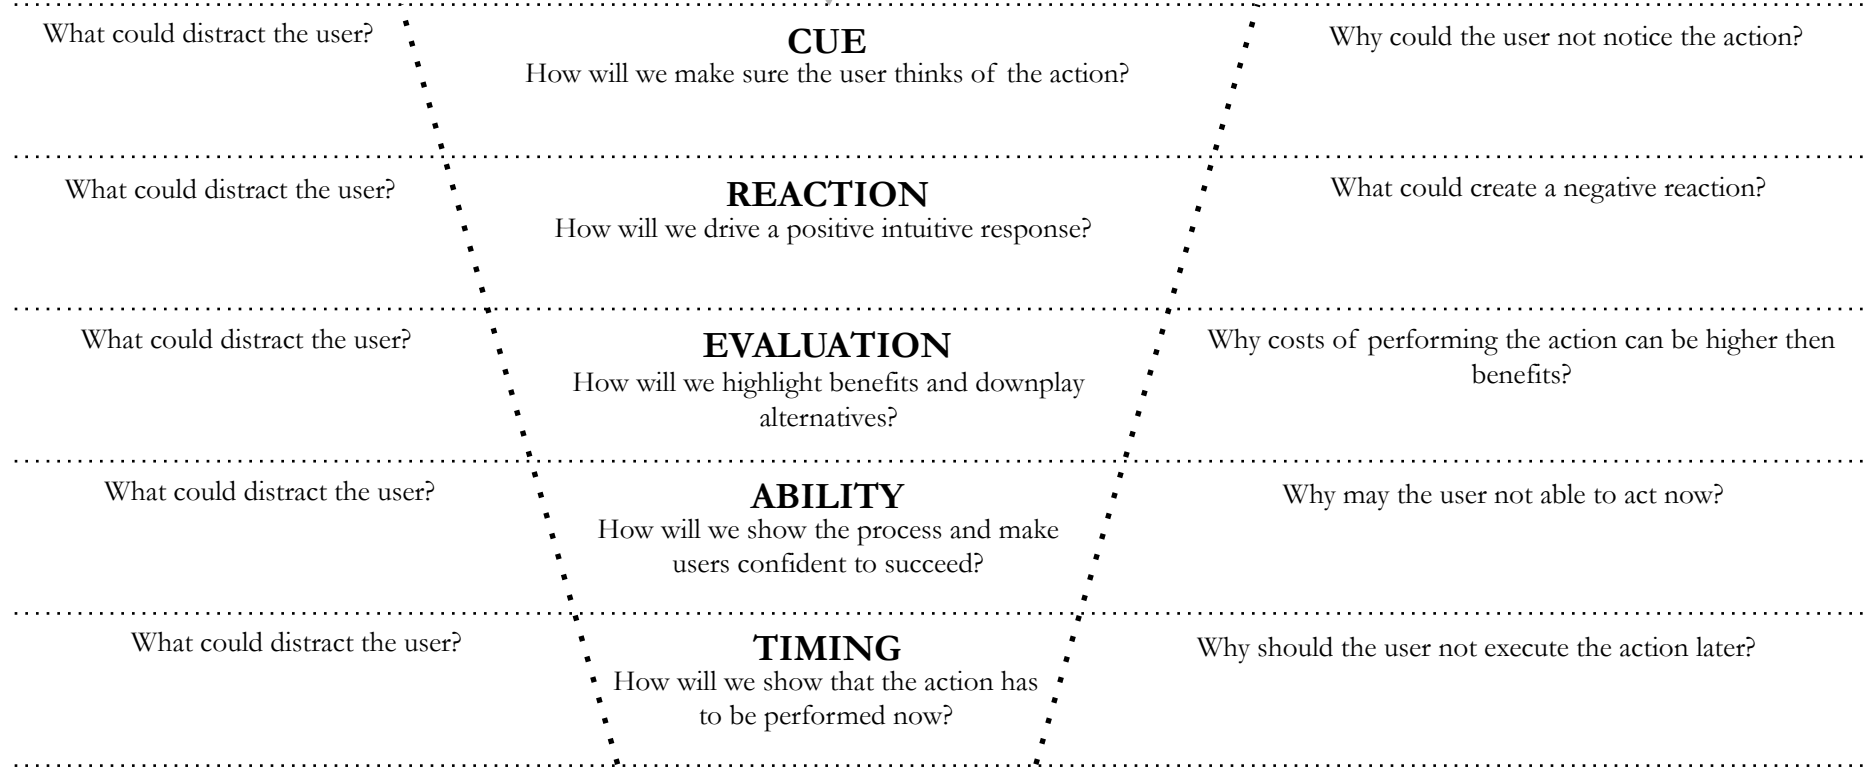

**EXECUTE THE ACTION!**

# 4. SELECT STRATEGIES

**NEW PROJECT**

Target audience: .....  
Target action: .....

**EXECUTE THE ACTION!**

# 5. PLAN AN ITERATION

Our strategy  
 CUE: .....  
 REACTION: .....  
 EVALUTATION: .....  
 ABILITY: .....  
 TIMING: .....
